1. Use of Service

The use of business service and facilities is restricted to the subscriber, the agents and representatives of the subscriber and joint users except as provided in Paragraph C of this Section as otherwise provided by this Tariff. This prohibition does not apply to the use of service for switched data (non-voice) communications relating directly to the business of Composite Data Service Vendors or Composite Data Service Vendor's patrons, or a communications common carrier in the provision of public telegram message service or overseas data message service.

The use of residence service and facilities is restricted to the subscriber, members of the subscriber's domestic establishment and joint users, except as otherwise provided by this Tariff.

The Company shall not be required to furnish service or facilities where the circumstances are such that the proposed use of the service or facilities would tend to injuriously affect the efficiency of the Company's plant, property or service.

2. Use and Ownership of Equipment

The Company's equipment, apparatus, channels and lines shall be carefully used. Equipment furnished by the Company shall remain its property and be returned to it whenever requested, within a reasonable period following the request, in as good condition as reasonable wear will permit.

Any equipment offered herein which has grandfathered status under the Federal Communications Commission's Registration Program is offered and provided only to the extent of available grandfathered stock.

3. Broadcast of Recordings of Telephone Conversations and Incoming Messages

Broadcasting of a recording of a telephone conversation or incoming message during the period of recording is permitted provided that in the interest of protecting the privacy of telephone service the recording is made in accordance with Paragraph C.1.d. of this Section.
