Issued in compliance with order in Case 13-E-0573 dated 03/13/2014

Leaf: 256
Revision: 4
Superseding Revision: 3

GENERAL RULES

24. Service Classification Riders (Available on Request) - Continued

RIDER S – COMMERCIAL SYSTEM RELIEF PROGRAM - Continued

C. Definitions – Continued

“Performance Factor,” when a Planned Event or Test Event is called in a network, is the ratio of: (i) the average hourly kW of Load Relief provided by the Direct Participant or Aggregator during the requested hours, up to the kW of contracted Load Relief to (ii) the kW of contracted network Load Relief.

“Planned Event” refers to the Company’s request, on not less than 21 hours’ advance notice, for Load Relief during the Contracted Hours. Planned Events will be called when the Company’s day-ahead forecasted load level is at least 96 percent of the forecasted summer system-wide peak. Day-ahead and summer peak forecast information for the system will be posted to the Company’s website.

“Renewable Generation” means behind-the-meter electric generating equipment that is not fossil-fueled and has no emissions associated with it.

“Test Event” refers to the Company’s request under the Reservation Payment Option for Direct Participants and Aggregators to provide one hour of Load Relief, within the four-hour span of Contracted Hours, on not less than 21 hours’ advance notice.

“Three-Year Incentive Payment” refers to the payment awarded to a Direct Participant or an Aggregator, based on individual customer performance, after the end of the Three-Year Incentive Period. Payment will be awarded if the Performance Factor of the Direct Participant or Aggregator’s customer is no less than 80 percent for each Planned Event or Test Event during the Three-Year Incentive Period. Performance during Unplanned Events will not be considered in determining eligibility for the Three-Year Incentive Payment.

“Three-Year Incentive Period” refers to the three consecutive Capability Periods for which a Direct Customer or Aggregator, for its customer, pledged on its enrollment application to provide Load Relief under the Reservation Payment Option. The three-year pledge must be made prior to commencing participation for the first of the three Capability Periods. If the Performance Factor of a Direct Participant or Aggregator’s customer is less than 80 percent for any Planned Event or Test Event during the current Capability Period, the Direct Participant or Aggregator, for its customer, may re-pledge to participate for a Three-Year Incentive Period starting with the next Capability Period.

“Unplanned Event” refers to the Company’s request for Load Relief: (a) on less than 21 hours’ advance notice; or (b) for hours outside of the Contracted Hours.
