## SECTION 4 – SERVICE CHARGES AND SURCHARGES

### 4.1 CARRIER PRESUBSCRIPTION

#### 4.1.1 General

Carrier Presubscription is a procedure whereby a Customer designates to the Company the carrier that the Customer wishes to be the carrier of choice for IntraLATA and InterLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. Presubscription does not prevent a Customer who has presubscribed to an IntraLATA or InterLATA toll carrier from using carrier access codes or additional dialing to direct calls to an alternative long distance carrier on a per call basis.

#### 4.1.2 Presubscription Options - Customers may select the same carrier or separate carriers for IntraLATA and InterLATA long distance. The following options for long distance Presubscription are available:

- Option A: Customer selects the Company as the presubscribed carrier for IntraLATA and InterLATA toll calls subject to presubscription.
- Option B: Customer may select the Company as the presubscribed carrier for IntraLATA calls subject to presubscription and some other carrier as the presubscribed carrier for interLATA toll calls subject to presubscription.
- Option C: Customer may select a carrier other than the Company for IntraLATA toll calls subject to presubscription and the Company for InterLATA toll calls subject to presubscription.
- Option D: Customer may select the carrier other than the Company for both IntraLATA and InterLATA toll calls subject to presubscription
- Option E: Customer may select two different carriers, neither being the Company for IntraLATA and InterLATA toll calls. One carrier to be the Customers' primary intraLATA interexchange carrier. The other carrier to be the Customer's primary InterLATA interexchange carrier.
- Option F: Customer may select a carrier other than the Company for no presubscribed carrier for IntraLATA toll calls subject to presubscription which will require the Customer to dial a carrier access code to route all IntraLATA toll calls to the carrier of choice for each call.

#### 4.1.3 Rules and Regulations

Customers of record will retain their primary interexchange carrier(s) until they request that their dialing arrangements be changed.

Customers of record or new Customers may select either Options A, B, C, D, E or F for intraLATA Presubscription.
