

PSC No: 120 - Electricity  
New York State Electric & Gas Corporation  
Initial Effective Date: September 1, 2014  
Issued in Compliance with Order in Case 11-E-0176 dated November 27, 2013

Leaf No. 117.45  
Revision: 1  
Superseding Revision: 0

#### GENERAL INFORMATION

### 33. Residential Agricultural Discount ("RAD")

#### A. Applicability:

1. The RAD is applicable to an agricultural customer who takes electric service pursuant to a residential service classification, S.C. Nos. 1, 8, or 12 of this Schedule. The RAD will begin on September 1 and continue through August 31 of the following year ("Program Year"). Customers shall provide the documentation as described in Section 33.A.2 by July 1 of each year.
2. A customer must complete an application and provide the Company with a copy of their Internal Revenue Form - Schedule F-Profit or Loss for Farming, as filed with the customer's most recent filed Federal Tax Return.
  - a. The RAD will be applied to qualified customers bills no later than three billing cycles from when the Company receives the completed application and copy of Federal Tax Form Schedule F.
  - b. A customer must reapply by July 1 of each year by providing their current Schedule F as filed with their Federal Tax Return for the current tax year. The customer will be qualified to receive credits for the Program Year.
  - c. If the above documentation is not received by July 1, the customer will forego their RAD credit until the proper documentation is provided to the Company. The customer will be qualified to receive credits for the remaining period of the Program Year.

#### B. Calculation of the RAD:

1. The RAD shall be calculated monthly based on the monthly forecast sales of each customer who has qualified for and is scheduled to receive a credit.
2. The RAD shall be subject to a monthly reconciliation for any over/under credits. Any over/under credits as a result of the reconciliation will be added to or subtracted from the Transition Charge as set forth in Rule 25.1.B.1(iii).
3. The monthly RAD credit provided to customers shall be the RAD multiplied by the customer's billed kilowatthours and shall not exceed the net total monthly electric delivery bill for each customer.
  - a. If the customer is participating in net metering as established in PSL Section 66-j or PSL Section 66-l, and set forth in this Schedule, the RAD credit shall be applied to any electricity supplied by the Company that exceeds the generation supplied by the customer.
    - i. If a residential farm customer is eligible for Remote Net Metering, and the Host Account generates more energy than the Company supplies, the RAD credit will be included in the calculation to value the excess generation.

#### C. Filings

A Residential Agricultural Discount (RAD) Statement setting forth the rate will be filed with the Public Service Commission on not less than three (3) days' notice. Such statement can be found at the end of this Schedule (PSC 120 – Electricity).
