SERVICE CLASSIFICATION NO. 14 (Cont'd)

STANDBY SERVICE (Cont'd)

SPECIAL PROVISIONS (Cont'd)

14.9 Standby Rate Exemptions for Certain Combined Heat and Power Systems

A customer who installs a new combined heat and power (CHP) system

- (1) on or after June 1, 2015 and before May 31, 2019;
- (2) with a capacity greater than 1 MW and less than 15 MW; and,
- (3) that would otherwise be subject to the standby rates of this Service Classification

shall have the option of (a) a one-time exemption from the standby rates of this Service Classification by taking service at the standard rates of the applicable Parent Service Classification; or (b) service at the standby rates of this Service Classification.

A customer meeting the aforementioned requirements will have the opportunity to exercise between June 1, 2015 and May 31, 2019, inclusive, a one-time election to be exempt from the standby rates of this Service Classification. Once elected (a) such exemption will be effective for four years running from the in-service date of the system, or (b) the customer may exercise the option to exit the exemption one time prior to the end of its four-year exemption period.

Upon expiration of the exemption or exercise of the option to exit the exemption, the customer will be subject to the standby rates of this Service Classification as they may be modified or superseded as approved by the Public Service Commission.
