 Superseding Revision: 1

## GENERAL INFORMATION

### 2. How Service May Be Obtained: (Cont'd)

#### B. Extension of Facilities:

##### (1) Facilities within Highway or Private Right-of-Way

Subject to the provisions of 16NYCRR Parts 98, 99 and 100, the Company shall furnish, place, construct, operate, maintain and when necessary replace at its own cost and expense all electric distribution lines, service connections and other facilities within the territorial limits of any street, avenue, road or way that is for any highway purpose under the jurisdiction of the legislative body of any city, town, village, county or the State of New York, or on a private right-of-way when the Company elects to use such a route in lieu of construction within such limits, used by the Company for supplying electricity to its customers. In the case where facilities are damaged, destroyed, caused to be replaced or reconstructed by an act or omission of any customer, person, corporation or other entity, the Company may recover its costs and expenses for such replacement or reconstruction from the party responsible for such act or omission.

##### (2) Company Obligation:

When a written request for electric service is made to the Company by an applicant whose property abuts on or has access to, any public right-of-way (other than a controlled access highway) in which the governmental authority having jurisdiction shall permit the Company to install and maintain facilities, the Company shall:

- (a) render the service requested in accordance with the provisions of this tariff;
- (b) furnish, place, construct, operate, maintain, and (when determined to be necessary by the Company or the Commission) reconstruct, or replace all electric facilities within public right-of-way and other right-of-way when the Company elects to use such right-of-way in lieu of constructing facilities within public right-of-way, at its own cost and expense, subject to the provisions of this tariff which cost and expense shall include the amounts paid to governmental authorities for permits to do the work required and any additional amounts paid for the right(s) to make such elective use of other rights-of-ways;
- (c) maintain, repair, and if necessary replace a service line, at its own expense, if the Company installed it and if installed by the customer, only to the extent that the Company contributed toward the installation of the service line, provided that any necessary easements are provided by the applicant or customer. The Company shall maintain applicant installed distribution facilities beyond the public right-of-way to the extent required by 16 NYCRR Parts 98.4 and 98.5;
- (d) grant the appropriate footage allowance as required by Rules 2.B.(6) and 2.B.(7) of this tariff; and
