## GENERAL INFORMATION

### 25. Supply Service Options: (cont'd.)

#### I. Supply Service Options (cont'd.)

##### F. Customer Eligibility Exceptions:

###### 1. Customers Applying for Service:

If a customer applying for Service has not elected a Supply Service option by the time of billing, the Company will bill the customer at the appropriate default option as explained in Section 25.I.H. When a customer contacts the Company with their choice, that Supply Service option will be applicable to usage on and after the next regularly-scheduled estimated or actual meter reading date after such contact.

###### 2. Incentive Rate Customers:

Customers receiving an Economic Incentive may select a Supply Service option, as specified in the applicable Special Provision for Economic Incentives of the respective service classifications. The customer must choose the same Supply Service option for their entire load.

###### 3. NYPA Customers:

Customers who receive a portion of their Electric Power Supply from NYPA, (Expansion, HLFM, Replacement or Preservation Power, Recharge NY Power, WNY), with Standard Load (non-NYPA load), shall be permitted to take service under any Supply Service option for their Standard Load. The NYPA load shall continue to be billed in accordance with General Information Section 11 or the Special Provision of Service Classification No. 7. If the NYPA allocation expires or is terminated, the Supply Service option for that load shall be the same option the customer selected for the Standard Load (non-NYPA load).
