GENERAL INFORMATION

2. HOW TO OBTAIN SERVICE (Cont'd)

E. SUBMETERING OF ELECTRIC SERVICE

(1) General

Except as provided for under Rule 2.E.2 and 2.E.3, electric service shall not be supplied under any Service Classification of this Schedule for resale, remetering (or submetering) or other redispotion. On and after January 1, 1977, residential dwelling units shall be separately metered. Electric service shall not be provided to rent-inclusive residential buildings where the internal wiring has not been installed prior to January 1, 1977.

- a) Master Metering Option for Senior Living Facilities Senior Living Facility, Defined: A Senior Living Facility ("SLF") is defined as a housing facility for senior citizens where the configuration resembles traditional apartment units. An SLF, by itself, serves the particular needs of senior citizens, with most or all services provided for a monthly fee.

Master Metering Option: A SLF being newly constructed may choose master metering of the entire facility instead of having each dwelling unit separately metered.

Conversion: A SLF that was constructed with each dwelling unit separately metered may convert the facility's metering configuration to master metering. All costs associated with a conversion shall be borne by the SLF. Any costs incurred by the Company to accommodate the conversion shall be charged to the SLF in accordance with the provisions of Rule 4.G of this Schedule, Charges for Special Services.

(2) Non-residential

A customer may purchase electricity for resale under any service classification of this rate schedule that would be applicable if such electricity were not for resale and said customer may resell the electricity purchased to tenants on an individually metered basis subject to approval by the Public Service Commission in response to individual proposals concerning electric service furnished to:

- A. Master metered, new or renovated non-residential buildings; and to commercial tenants who receive directly metered service; and
- B. Commercial occupants of cooperatives, condominiums, campgrounds, recreational trailer parks or recreational marinas whose occupants were purchasing individually metered electric service on May 21, 1980.
