GENERAL INFORMATION

3. EXTENSION & MAINTENANCE OF COMPANY FACILITIES TO SERVE CUSTOMER (Cont'd)

H. TEMPORARY SERVICE

Temporary service is nonrecurring service intended to be used for a short time only, seasonal, or service to a building, structure or personal property which is nonpermanent in that it may be readily removed or relocated. An applicant or customer requiring temporary service for other than a permanent residential dwelling unit shall, upon signing for such service, pay to the Company a nonrefundable amount equal to the estimated cost to the Company for labor, material and all other costs occasioned by the installation and removal of the service.

When the installation presents unusual difficulties as to metering the energy supplied, the Company may estimate the amount of energy consumed and may bill the customer in accordance with such estimated amount applied to applicable rate classification.

If a distribution line is required to be extended in order to provide the temporary service, the applicant shall pay the Company's full costs and expenses for the installation and removal of the distribution line.

As a general rule a trailer is considered to be a non permanent installation. A trailer, building or structure shall be considered permanent when it is not movable and set on and permanently attached to a masonry foundation and connected to a permanent water supply and septic/sewer system. The permanent water supply and the septic/sewer system must be approved by the appropriate municipality or agency having jurisdiction in the area. A foundation under this Rule does not include a concrete or cement pad.

If, within five years after a temporary service is established, the characteristics of such service become other than temporary or the customer premises supplied by the temporary service becomes a residential dwelling unit, the Company shall refund to the customer the amount paid for such temporary service, less the applicable charge for a permanent service.

Temporary service shall be furnished under the applicable Service Classification without term limitation.
