GENERAL RULES

6. Meters - Continued

6.10 AMR/AMI Meter Opt-out

Residential Customers in one- to four-family homes that have, or are scheduled to have, automated meters installed by the Company on their premises may make a one-time election to opt out of an Automated Meter Reading equipped meter (“AMR meter”) or an Advanced Metering Infrastructure equipped meter (“AMI meter”) and, thereby, have their meters read manually, by submitting a completed AMR/AMI Meter Opt-out Application Form available on the Company’s website, www.coned.com.

The Company will attempt to read the meters of Customers who opt out of AMR/AMI metering bi-monthly and render bills monthly, as described in General Rule 10.3. The monthly bills will contain an incremental charge, per account, at half the charge specified in General Rule 17.1.f. If an AMR/AMI meter was previously installed, Customers who opt out of AMR/AMI metering must pay for the removal of the AMR/AMI meter and the installation of a solid-state non-communicating meter at the costs specified in General Rule 17.6.1, up to \$117.00 per meter, unless the Company did not notify the Customer in writing at least 30 days in advance of the AMR/AMI meter installation, in which case there will be no charge.

Customers who opt out of AMR/AMI metering and thereafter have two months of estimated bills in a 12-month period due to no access to the meter will be required to furnish, install, and maintain the facilities necessary to accept outdoor meter(s) or provide access to the Company to install, or re-install, as applicable, an AMR/AMI meter.

Customers who opt out of AMR/AMI metering may elect to participate in AMR/AMI metering at a later date.
