GENERAL INFORMATION

FOURTH: In addition, to pay a surcharge at the rate of nineteen (19%) percent per year of the actual cost of such portion of the said main extension (excluding the cost of any service pipe, hydrants and their accessories) that is in excess of seventy-five (75) feet distance from the end of the nearest existing water main appropriate for the service requested. However, should the main extension be greater than six (6) inches in diameter, when not necessary for the service requested, the surcharge shall be limited to nineteen (19%) percent per year of the estimated cost of a six (6) inch main. The surcharge shall be paid ratably at the end of each regular billing period, beginning at the date when water service is first available to the Applicant.

FIFTH: In the event that the Applicant ceases to be a customer of the Company, the Applicant's obligation to pay the surcharges provided herein shall continue, unless the new owner or occupant of the premises agrees to assume all obligations under this Agreement

SIXTH: To furnish the Company with reasonable security upon the execution of this Agreement for the faithful performance of the covenants herein agreed to be performed by the Applicant. Reasonable security shall be by advance payment of the surcharge for a period of one (1) year; where an Applicant's building does not yet exist, i.e. by completion of the foundation and construction of a substantial portion of the premises framing before main extension construction is commenced, the Applicant shall deposit the entire estimated cost of the extension until said premises construction is complete.

ARTICLE THREE **BOTH PARTIES AGREE THAT:**

FIRST: Whenever more than one customer shall be connected to said extension, the surcharge mentioned in Article Two shall be adjusted and then pro-rated so as to yield to the Company not more than nineteen (19%) percent in any one year from all Customers served from said extension.

SECOND: Said surcharge shall be reasonably pro-rated and allocated to the several Customers served from said extension, taking into account that seventy-five (75) feet of main and the service pipe are to be allowed for each Customer.

THIRD: All surcharges hereunder shall cease upon the earlier of:

- (a) Whenever the number of Customers on the main extension, multiplied by seventy-five (75) feet, shall or exceed the length of the main extension.
- (b) The end of ten (10) years from the date of the first surcharge payment, whichever shall first occur.

FOURTH: In lieu of the above surcharge, the Applicant may at his option pay the cost of the main extension and the associated tax liability in excess of seventy-five (75) feet subject to annual refunds, without interest, related to the number of new Customers added to the extension each year multiplied by seventy-five (75) feet, provided; however, refunds shall cease at the earlier of (1) ten (10) years; or (2) when the total of all refunds equals the amount of the original payment made by the Applicant
