## 2.0 Collocation Service

### 2.1 General

Collocation Service allows a Customer to place Customer's telecommunications equipment in designated locations on the Company's premises, and in Company's collocation spaces in LEC and other offices, conditions permitting. Collocation Service is subject to the availability of appropriately sized and located space at such locations. The prices, terms and conditions of collocation shall be negotiated between the Company and Customer on a site-specific basis. The Company shall provide space that is appropriately conditioned for Customer's equipment, as well as primary and backup power, HVAC, and cross-connections to Company telecommunications equipment.

Consistent with the provisions of the Company's interconnection Tariffs with LECs and/or LECS' collocation tariffs, Customer may also place its equipment in the Company's collocation spaces and/or collocation arrangements provided by other third parties. Such collocation shall be subject to space availability, and to all the constraints and requirements imposed by the owner of the space at the location where the collocation occurs.

### 2.2 Rates, Terms and Conditions

Rates, Terms and Conditions for collocation service shall be provided pursuant to an ICB.

## 3.0 Custom Network Engineering Designs and Special Construction.
