**RE: Case 18-E-0489, Reconciliation of Purchase of Receivables**

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (the “Company”) is filing with the Public Service Commission (the “Commission”) the following Statement of Purchase of Receivables (“POR”) Discount Percentage to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Electric Tariff”), applicable to its customers in the City of New York and the County of Westchester.

DISC - Statement of POR Discount Percentage No. 1 to P.S.C No. 10 - Electricity  
The Statement is being issued to become effective on January 1, 2019.

**Reason for Filing**

The Commission’s Order Modifying Reconciliation of Electric Purchase of Receivables, issued and effective November 16, 2018, in Case 18-E-0489 (the “Order”), approved the Company’s filing made on July 30, 2018, to modify the manner in which credit and collections and theft (“C&C”) recoveries for retail access customers served by Energy Service Companies (“ESCOs”) that participate in the Purchase of Receivables program are reconciled.

Pursuant to the Order, the Company is filing the first Statement of POR Discount Percentage to the Electric Tariff. The Statement of POR Discount Percentage shows the Uncollectible Bill Percentage, Risk Factor, Credit & Collections, and Incremental Cost components of the POR Discount Percentage. The total POR Discount Percentage to be effective January 1, 2019, is 2.45%. In accordance with the Company’s compliance filing, the Company is filing its Statement of POR Discount Percentage no less than three days before the effective date.
