Re: Proposed Tariff Revisions – Further Revisions

Dear Secretary Burgess:

National Fuel Gas Distribution Corporation (“Distribution” or the “Company”) hereby submits the following revisions to its tariff, P.S.C. No. 9 – GAS:

| <u>Section No.</u> | <u>Leaf No.</u> | <u>Revision No.</u> | <u>Superseding Revision No.</u> |
|--------------------|-----------------|---------------------|-------------------------------------|
| 0 | 129 | 4 | 3 |

By way of background, this is a filing to make a further revision to remove Service Classification 9 from the table under System Modernization Tracker. This Service Classification was in effect at the time the Company completed its November 14, 2018 filing. However, since the Service Classification was discontinued on December 1, 2018 with the Company’s implementation of the statewide low income program, this further tariff revision is necessary for transparency purposes. This revision has a proposed initial effective date of March 1, 2019.

Concurrent with this filing, Distribution respectfully requests a waiver from the requirements of Public Service Law §66(12) and 16 NYCRR §720-8.1, pertaining to newspaper publication. The proposed tariff changes are being made for consistency and clarification purposes, the revisions are largely non-substantive in customer effect, and therefore the expense of publication would not serve the public interest.

If you have any questions regarding the Company’s tariff filing, please contact me at your convenience.

Respectfully submitted,
