Dear Secretary Burgess:

Orange and Rockland Utilities, Inc. (the "Company") hereby submits for filing with the Public Service Commission (the "Commission") the following tariff leaves and the Statement of Community Choice Aggregation Data Access Fees ("CCA Statement"), CCA-1, reflecting revisions to its Schedule for Electric Service, P.S.C. No. 3 – Electricity ("Electric Tariff").

9th	Revised Leaf No.	4
2nd	Revised Leaf No.	142
1st	Revised Leaf No.	142.1
	Original Leaf No.	142.2

This leaves and Statement CCA-1 are issued January 3, 2018, to become effective January 6, 2018.

Reason for Filing

The Commission's Order Establishing Community Choice Data Access Fees (the "Order"), issued December 14, 2017, directed the Company to file tariff amendments implementing Community Choice Aggregation ("CCA") data access fees consistent with the requirements of the Order.

Proposed Tariff Change

The Company proposes to add "Data Services for Community Choice Aggregation" to General Information Section No. 12, "Charges for Special Services" of the Electric Tariff. The CCA data required to be provided by the Company pursuant to the Order may be requested by a municipality or its designee (CCA Administrator or ESCO) after signing a data security agreement with the Company. In addition, the requestor must have an approved implementation and data protection plan, and certification of local authorization approved by the Commission.

Per the Order, the Company will establish a uniform fee of \$0.80 per account which will be apportioned 20% to requests for aggregated data and 80% to requests for customer-specific data.

The charge for such aggregated data is included in the CCA Statement.
- b) Customer-specific data, including (1) the customer of record's name, (2) the customer's mailing address, (3) the customer's primary language, if available, and (4) any customer-specific alternate billing name and address, for use by the CCA Administrator to execute a CCA opt-out process. The charge for such customer-specific data is included in the CCA Statement.
- c) Customer-specific data, after the opt-out process, shall include account numbers of eligible customers that did not opt-out. The charge for such customer-specific data is included in the CCA Statement.

This filing is proposed to become effective on January 6, 2018. As specified in Ordering Clause 4 of the Order, the Commission has waived the requirements for newspaper publication.
