**RE: Case 17-E-0526, Rider L - Direct Load Control Program**

Dear Secretary Burgess:

On August 24, 2017, Consolidated Edison Company of New York, Inc. (the “Company”) made a tariff filing with the Public Service Commission proposing changes to the Schedule for Electricity Service, P.S.C. No. 10 – Electricity, and the Schedule for PASNY Delivery Service, P.S.C. No. 12 – Electricity, to move the room air conditioning retrofit portion of the Connected Devices Pilot (“CDP”) program (“smartAC kit”) into Rider L. The tariff changes were proposed to become effective on December 1, 2017.

At the request of the Staff of the Department of Public Service, the Company is postponing to January 1, 2018, the effective date of the tariff changes that were filed on August 24, 2017. Accordingly, the Company hereby submits Supplement No. 51 to P.S.C. No. 10 – Electricity, and Supplement No. 23 to P.S.C. No. 12 – Electricity, to postpone the effective date of the tariff changes to January 1, 2018.

The Supplement is issued on 30 days’ notice and has an effective date of December 1, 2017. The Company respectfully requests waiver of notice requirements for the effective date change.

Sincerely,

/s/ William A. Atzl, Jr.  
Director  
Rate Engineering Department
