**Re: Case 17-E-0458, Tariff Amendments Related to Electric Energy Storage
Systems**

Dear Secretary Burgess:

On July 27, 2017, Consolidated Edison Company of New York, Inc. (the “Company”) made a tariff filing with the Public Service Commission proposing changes to the Schedule for Electricity Service, P.S.C. No. 10 – Electricity, to enable electric energy storage systems to import from and export to the Company’s distribution system. The tariff changes were proposed to become effective on December 1, 2017.

At the request of the Staff of the Department of Public Service, the Company is postponing to January 1, 2018, the effective date of the tariff changes that were filed on July 27, 2017. Accordingly, the Company hereby submits Supplement No. 49 to P.S.C. No. 10 – Electricity to postpone the effective date of the tariff changes to January 1, 2018.

The Supplement is issued on 30 days’ notice and has an effective date of November 11, 2017. The Company respectfully requests waiver of notice requirements of the proposed change in the effective date.

Sincerely,

/s/ William A. Atzl, Jr.
Director
Rate Engineering Department
