RE: Statement of Percentage Increase in Rates and Charges

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (the "Company") is filing the following Statement of Percentage Increase in Rates and Charges to PSC No. 10 - Electricity, in accordance with General Rule 30:

GRT Statement No. 13 to PSC No. 10 - Electricity
Effective June 1, 2017

The revisions to the Statement of Percentage Increase in Rates and Charges applicable to the Company's electric tariff, to take place in June 2017, reflect the annual reconciliation of MTA revenues and expense.

The Company's electric tariff provides that revenues collected during the MTA surcharge billing year (April 2016 through March 2017) be compared with MTA surcharge expense for the calendar year 2015. The Company over-collected \$849,545.47 for its electric operations. The New York City reconciliation adjustment will be -0.2592% and -0.1537% for residential and non-residential delivery, respectively. The effect of the factors in the various Westchester municipalities varies due to the impact of local levies on the computation of the effective tax factors used in the electric statement.

Respectfully submitted,

/s/ William A. Atzl, Jr.
