Re: Case 18-E-0018: In the Matter of Proposed Amendments to the New York State Standardized Interconnection Requirements (SIR) for Small Distributed Generators - Order Granting Clarification

Dear Secretary Burgess:

In compliance with the Commission's Order in Case 18-E-0018 issued and effective July 13, 2018, Central Hudson Gas & Electric Corporation ("Central Hudson" or "the Company") hereby files the addendum and tariff leaves listed below to become effective on July 19, 2018.

P.S.C. No. 15 – Electricity

Addendum SIR No. 21 – Standardized Interconnection Requirements

36th Revised Leaf No. 3

5th Revised Leaf No. 19.1

2nd Revised Leaf 163.9.12

On June 8, 2018, certain utility, industry, and developers of the Interconnection Policy Working Group (IPWG) and Interconnection Technical Working Group (ITWG) filed a Petition for Clarification of the April 19, 2018 Order Modifying Standardized Interconnection Requirements (SIR) and accompanying Exhibit A. The IPWG/ITWG Commenters requested that the Commission clarify specific elements of the SIR contained in Exhibit A, implement certain non-material edits, and advise of an effective date of the modified SIR.

The purpose of this filing is to incorporate the modifications reflected in the SIR set forth in Exhibit A of the Commission's Order Granting Clarification issued and effective July 13, 2018 in Case 18-E-0018 into the Company's tariff and also update the SIR as an addendum. The leaves and addendum are to become effective on July 19, 2018 on not less than one day's notice.

As directed in Ordering Clause No. 2 of the Commission's July 13, 2018 Order in this Case, the requirements of Public Service Law 66(12) (b) and NYCRR §720-8.1 as to newspaper publication have been waived.

Questions related to this filing should be directed to Jay Tompkins at jtompkins@cenhud.com or (845) 486-5203.

Yours very truly,

Anthony S. Campagiorni
Vice President
Regulatory & Governmental Affairs
