RE: Case 17-E-0238 – Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of Niagara Mohawk Power Corporation d/b/a National Grid for Electric Service.

Dear Secretary Phillips:

The attached Statement issued by Niagara Mohawk is being transmitted for filing in accordance with the requirements of the Public Service Commission, State of New York.

Statement of Transmission Revenue Adjustment
Statement No. 237

To P.S.C. No. 214 Electricity

Effective: May 28, 2021

The above Statement of Transmission Revenue Adjustment (TRAS) is being filed per Rule No. 43 - Transmission Revenue Adjustment. Specifically, Rule No. 43 provides for a monthly comparison of the forecast-based transmission revenue to the actual transmission revenue realized from these services.

In compliance with the "Order Approving Lease and Transfer of Property" in Cases 20-E-0491 and 20-E-0596, this is the first monthly filing in which NYS Energy Highway LS Transco Amortization Revenue is being credited to customers in the TRAS calculation. In this filing, March 2021 and April 2021 amortized lease revenues are credited to customers. Going forward, the amortized lease revenues for the cost month will be credited to customers as part of the TRAS filing.

Attachment Nos. 1 and 2 included with this filing display the derivation of these rates. Statement of Transmission Revenue Adjustment No. 237 is effective May 28, 2021 for batch billings and June 1, 2021 for calendar month billings.

Please advise the undersigned of any action taken in regards to this filing.

Sincerely,

/s/ Carol Teixeira
