**RE: Statement of Percentage Increase in Rates and Charges**

Dear Secretary Phillips:

Consolidated Edison Company of New York, Inc. (the "Company") is filing the following Statement of Percentage Increase in Rates and Charges to PSC No. 9 - Gas, in accordance with General Information VIII:

GRT Statement No. 60 to PSC No. 9 - Gas  
Effective June 4, 2021

The Company's gas tariff provides that the revenues collected during the MTA surcharge billing year (April 2020 through March 2021) be compared with the MTA surcharge expense for the calendar year 2019. The gas tariff provides for the Company to make an MTA surcharge adjustment to reconcile for any under- or over-collection.

The revisions to the attached Statement of Percentage Increase in Rates and Charges reflect the annual reconciliation of MTA revenues and expenses, and will be in effect during June 2021. The revisions reflect an over-collection of about \$28,385.57 for the Company's gas operations. Thus, for gas service, the reconciliation adjustment for New York City will be -0.0588% and 0.0138% for residential and non-residential delivery services, respectively. The reconciliation adjustments in the various Westchester municipalities, for residential and non-

residential delivery service, vary due to the impact of local levies on the computation of the effective tax factors in the gas statement.

GRT Statement No. 60 is being filed to correct the description of All Villages and All Towns on page 2 and 3. Rates and Charges were not change. This statement supersedes the previously filed GRT Statement No. 59 which was submitted on May 12, 2021.

Respectfully submitted,

/s/ William A. Atzl, Jr.
