**Re: Cases 19-E-0566 and 20-E-0543, Changes to
Standardized Interconnection Requirements**

Dear Secretary Phillips:

Consolidated Edison Company of New York, Inc. (the “Company”) hereby submits for filing with the Public Service Commission (the “Commission”) amendments to its Schedule for Electricity Service, P.S.C. No. 10 – Electricity (the “Tariff”). The revised addendum, which is identified below, has an effective date of April 7, 2021.

<u>Addendum</u>	<u>Addendum Type</u>	<u>Addendum No.</u>
Standardized Interconnection Requirements	SIR	14

Reason for Filing

The Commission in its Order Directing Interim Modifications to the New York State Standardized Interconnection Requirements, issued and effective March 18, 2021, in Cases 19-E-0566 and 20-E-0543 (the “Order”), directed the Company to incorporate into its electric tariff the revised Standardized Interconnection Requirements (“SIR”) as shown in Attachment A of the Order, and to file any necessary tariff amendments to suspend applications that are subject to the interim mechanism as described in the Order. Pursuant to the Order, the Company is filing the Commission’s revised SIR as Tariff Addendum SIR-14. Since the Tariff refers to the SIR, the Company does not believe any tariff amendments are necessary to suspend applications that are subject to the interim mechanism.

Conclusion and Notice

Addendum SIR-14 is being filed on not less than five days' notice and filed within fifteen days of the issuance of the Order. As specified in Ordering Clause 3 of the Order, the Commission waived the requirement for newspaper publication.

Any questions regarding this filing can be directed to Ricky Joe at (212) 460-4995.

Sincerely,
