Re: Tenant Energy Bill Data Law Change

Dear Secretary Phillips:

Enclosed are the following tariff leaves transmitted for filing by The Brooklyn Union Gas Company d/b/a National Grid NY (“Company”) in connection with the newly amended Public Service Law §66-p (PSL §66-p).

Third Revised Leaf No. 16  
Third Revised Leaf No. 17

To P.S.C. No. 12 Gas

Effective: July 1, 2020

On February 21, 2020 the Company filed an amendment to the same tariff leaf above in connection with PSL §66-p. This new PSL makes gas and electric billing information for residential rental premises available upon request and directs “Every Gas Corporation, Electric Corporation, and Municipality shall make available to any landlord or lessor of residential rental premises, within ten days of receipt of a written request therefor from any prospective tenant or lessee thereof, prior to the commencement of tenancy or execution of a lease, information consisting of the charges incurred at such premises for gas or electric service or both for the life of the dwelling unit or the preceding two-year period, whichever is shorter. Such information shall be identified solely by the address of the dwelling unit, and no other information identifying the owner, lessee, or other occupant of the dwelling unit shall be utilized for, or made available in connection with, the furnishing or billing information pursuant to this section.”

This further revision is to clarify that the Company will provide the requested information to the prospective tenant or the lessee if requested prior to the commencement of the tenancy or execution of the lease. A redlined version of the tariff leaf is attached.

Since this tariff filing is merely serving to effectuate a change in the New York Public Service Law, National Grid is requesting a waiver of newspaper publication.

Please advise the undersigned of any action taken regarding this filing.

Respectfully Submitted,
