Re: Case 18-G-0710 – Tariff filing by Niagara Mohawk Power Corporation d/b/a National Grid to Revise Its Gas Schedule, P.S.C. No. 219, to Include a Provision for Flexibility in Accepting Applications for New or Additional Gas Service When There is Inadequate Supply or Capacity

Dear Secretary Phillips:

The enclosed Supplement, issued by Niagara Mohawk Power Corporation d/b/a National Grid (“Company”), is transmitted for filing in accordance with the requirements of the New York State Public Service Commission (“Commission”):

Cancellation Supplement No. 50
To Schedule for Gas Service, P.S.C. No. 219 – Gas
Effective: February 18, 2020

On October 24, 2019, the Company filed postponement supplements that postponed the above referenced filing to February 28, 2020. Under the November 26, 2019 settlement approved by the Commission in Case 19-G-0678, the Company agreed, among other things, to “voluntarily suspend or withdraw its related Tariff filings until a long-term supply option(s) is presented....”. Accordingly, the Company is filing this cancellation supplement.

The Company respectfully requests a waiver of the Commission’s rules and regulations regarding newspaper publication.

Thank you for your attention to this matter, and please feel free to contact me with any questions or concerns.

Respectfully submitted,

/s/ *Melissa M. Barnes*
