RE: Case 16-M-0330 – Petition of CTIA – The Wireless Association to Initiate a Proceeding to Update and Clarify Wireless Pole Attachment Protections.

Dear Secretary Phillips:

Pursuant to the *Order Establishing Updated Pole Attachment Rates with Modifications* issued in this proceeding on November 18, 2019 ("November Order"), the Village of Little Valley hereby submits tariff amendments to establish pole attachment rates as approved for the New York Municipal Power Agency ("NYMPA"), of which it is a member. Once the pole attachment rates in its Concurrence Tariff are cancelled, Salamanca's pole attachment rates will fall under the purview of the NYMPA Generic Tariff. Pursuant to the November Order, the tariff amendments have an effective date of November 29, 2019.

Salamanca hereby submits the following:

- A fifth revised Leaf 2 to PSC NO: 1 ELECTRICITY, removing the reference to pole attachment rates from its Table of Contents;
- Supplement No. 2 to its Electric Tariff which cancels Original Leaf No. 16, setting forth previously approved pole attachment rates.

As specified in Ordering Clause 4 of the November Order, the Commission has waived the
