RE: Case No. 17-E-0238 – Proceeding on Motion of the Commission as to the Rates, Charges, Rules and Regulations of Niagara Mohawk Power Corporation d/b/a National Grid for Electric Service

Dear Secretary Phillips:

The attached Revenue Decoupling Mechanism (“RDM”) Statement, issued by Niagara Mohawk Power Corporation, d/b/a National Grid, is being transmitted for filing in accordance with the requirements of the State of New York Public Service Commission.

Revenue Decoupling Mechanism (“RDM”) Statement No. 36

To P.S.C. No. 220 Electricity

Effective: October 29, 2019

The Revenue Decoupling Mechanism Statement is being issued per the above Order and Rule No. 57 – Revenue Decoupling Mechanism in PSC No. 220 Electricity. In accordance with Rule No. 57.2, if in any month the total of the cumulative monthly reconciliation balance, based on monthly actual billed delivery service revenue and an allocation of the annual target revenue for the applicable reconciliation period, is greater than 1.5% of the Company’s annual target revenue for that reconciliation group for that year, the Company will file an interim RDM adjustment.

RDM Statement No. 36 is being issued to correct RDM Statement No. 35, submitted on October 17, 2019. RDM Statement No. 35 did not include the interim RDM rate for SC7 customers under the SC3 parent service classification.

The RDM interim adjustment on the attached statement reflects a surcharge for customers in the Service Classification No. 3 reconciliation group.

Attachment 1 included with this filing contains the derivation of these rates, including the SC7 rate. Line 1 of Attachment 1 was also updated, but the interim RDM rate on Line 3 is unchanged from the RDM Statement No. 35 filing.

This RDM Statement No. 36 is effective October 29, 2019 – March 30, 2020 for batch billed customers and November 1, 2019 through March 31, 2020 for calendar month billed customers.

Please notify the undersigned of any actions taken in regards to this filing.

Sincerely,

*/s/ Carol Teixeira*
