RE: Case No. 18-E-0067, Proceeding on Motion of the  
Commission as to the Rates, Charges, Rules and  
Regulations of Orange and Rockland Utilities, Inc. for  
Electric Service

Dear Secretary Phillips:

Orange and Rockland Utilities, Inc. (the "Company") hereby submits for filing Statement RDM-13 to its Schedule for Electric Service, P.S.C. No. 3 – ELECTRICITY ("Electric Tariff"). This statement is issued November 19, 2019 to become effective December 1, 2019.

The Commission's Order Adopting Joint Proposal and Establishing Electric and Gas Rate Plans, issued March 14, 2019 in Case Nos. 18-E-0067 and 18-G-0068, changed the definition of Rate Year from the 12 months ending October 31 of each year to the 12 months ending December 31 of each year. As such, the period during which total delivery revenue excess/shortfalls for each customer group will be refunded/surcharged will be the 12 month periods commencing each February 1. Accordingly, the Company filed to implement the reconciliation of the RDM for the period November 1, 2018 – December 31, 2018 ("Stub Period").

The Stub Period RDM Adjustments were added to the RDM adjustments that became effective December 1, 2018, which reconciled Rate Year 3 in Case No. 14-E-0493, to establish a single set of combined class-specific RDM adjustments becoming effective April 1, 2019. The Company is now filing to remove the Rate Year 3 RDM adjustments that became effective December 1, 2018.

The attached Appendix to this filing shows the calculation of the RDM Adjustments set forth on Statement RDM-13.

Questions regarding this filing can be directed to Cheryl Ruggiero at (212) 460-3189.

Very truly yours,

/s/

William A. Atzl, Jr.  
Director – Rate Engineering
