**RE: Case 18-E-0500 – Petition of Niagara Mohawk Power Corporation d/b/a
National Grid for Proposed Amendment to Standby Service
Multi-Party Offset Tariff Provision**

Case 15-E-0751 – In the Matter of the Value of Distributed Energy Resources

Dear Secretary Burgess:

The enclosed tariff amendment, issued by Niagara Mohawk Power Corporation d/b/a National Grid (the “Company”), is being transmitted for filing in compliance with the June 17, 2019 *Order Approving Tariff Amendment* issued by the New York State Public Service Commission (“Commission”) in the above Case 18-E-0500 (“Order”).

Identification of Tariff Amendment:

Fourth Revised Leaf No. 435
To P.S.C. No. 220 Electricity
Effective: July 1, 2019

Purpose of the Filing:

On August 10, 2018, the Company filed a petition in which it proposed to modify the Multi-Party Offset provision of Service Classification No. 7 – Sale of Standby Service (“SC7”) to Customers with On-site Generation Facilities. The amendment expands the eligibility of the Multi-Party Offset service in Special Provision I of SC7 such that output from privately-owned generation facilities can be used to offset the load of multiple buildings if the customers are connected to the generating facility by a private thermal loop.

This filing is made in compliance with the above Order, which directs the Company to file revisions as discussed in Ordering Clause No. 1 on not less than five days’ notice, to become effective on July 1, 2019. This filing also satisfies the requirement regarding the Multi-Party Campus Offset Tariff in the Commission’s May 16, 2019 order in Case 15-E-0751.¹

¹ Case 15-E-0751, *In the Matter of the Value of Distributed Energy Resources* (“VDER Proceeding”), Order on Standby and Buyback Service Rate Design and Establishing Optional Demand-Based Rates (issued May 16, 2019), pp. 65-66, Ordering Clause No. 5).

In accordance with Ordering Clause No. 2 of the Order, the requirements of PSL §66 (12)(b) and 16 NYCRR §720-8.1 concerning newspaper publication of the proposed tariff amendment are waived.

Attachment 1 contains the Company's redlined tariff leaf showing where the changes to the above leaf have occurred. Please advise the undersigned of any action taken regarding this filing.

Respectfully submitted,

/s/ Carol Teixeira
