Re: Further Postponement Supplement for Tariff Leaves in Case No. 18-G-0730, *Minor Rate Filing of Valley Energy, Inc. to Increase Its Annual Revenues by About \$300,000 or 18.9% in Total Revenues.*

Dear Secretary Burgess:

Valley Energy Inc, ("Company") submits the attached Supplement No. 8 to P.S.C. No. 1 – Gas, which further postpones the effective date of its Third Revised Leaf Nos. 88, 95, and 102 to September 1, 2019. The Department of Public Service Staff has requested the Company to file this postponement so as to allow for sufficient review of the minor rate filing made in the case referenced above.

On November 28, 2018, the Company filed with the Commission the above listed tariff revisions with an effective date of April 1, 2019. In subsequent consultations with Staff, the Company submitted additional documentation and workpapers for review. To allow sufficient time for reviewing the additional information, Staff requested that the effective date be postponed. The Company filed tariff supplements on January 25, March 22 and May 13, 2019 to postpone the effective date for the proposed tariff revisions to June 1, July 1 and August 1, 2019, respectively. Most recently, Staff has requested a further postponement of the effective date from August 1, 2019 to September 1, 2019.

Newspaper publication of the tariff amendments contained in this filing was made in accordance with the Commission's regulations in the local newspaper in the Company's service area on December 6, 13, 20 and 27, 2018. The Company requests that Supplement No. 8 be allowed to go into effect, per statute, thirty days after the date of this transmittal. The Company also requests a waiver of newspaper publication of this Supplement and the change proposed.

Respectfully submitted

/s/ Edward E. Rogers
