Re: Further Postponement Supplement for Tariff Leaves in Case No. 18-G-0730, *Minor Rate Filing of Valley Energy, Inc. to Increase Its Annual Revenues by About \$300,000 or 18.9% in Total Revenues.*

Dear Secretary Burgess:

Pursuant to Staff's recommendations, attached is Supplement No. 6 to P.S.C. No. 1 – Gas, which further postpones the effective date of Third Revised Leaf Nos. 88, 95, and 102.

On November 28, 2018, Valley Energy, Inc. ("Company") filed with the Commission the above listed revised tariff amendments with an effective date of April 1, 2019. In subsequent consultations with the Department of Public Service Staff, the Company submitted additional documentation and workpapers for review. To allow sufficient time for reviewing the additional information, Staff requested that the effective date be postponed. On January 25, 2019, the Company submitted a tariff supplement notifying the postponement of the effective date from April 1, 2019 to June 1, 2019. Following subsequent consultations, Staff has requested a further postponement of the effective date from June 1, 2019 to July 1, 2019.

Newspaper publication of the tariff amendments contained in this filing was made in accordance with the Commission's regulations in the local newspaper in the Company's service area on December 6, 13, 20 and 27, 2018. The Company requests that Supplement No. 6 be allowed to go into effect, per statute, thirty days after the date of this transmittal. The Company also requests a waiver of newspaper publication of this Supplement and the change proposed.

Respectfully submitted

/s/ Edward E. Rogers
