RE: Charges for Special Services

Dear Secretary Phillips:

Orange and Rockland Utilities, Inc. ("O&R" or the "Company") is filing with the Public Service Commission (the "Commission") amendments to its Schedule for Electric Service, P.S.C. No. 3 – ELECTRICITY (the "Electric Tariff"). The revised Electric Tariff Leaves, which are identified below, are filed to become effective on November 1, 2020.

<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding No.</u>
141	5	4
142	5	4

Reason for Filing

The Company has been approached in the past by entities enquiring about the Company providing billing services. These entities do not, and will not, take service under any Rider or Service Classification of the Electric Tariff. Currently, the Electric Tariff does not contain specific provisions that would allow O&R to enter into negotiated agreements for billing services. The purpose of this filing is to include in the Electric Tariff provisions allowing for these types of negotiated agreements.

Tariff Changes

The Company has modified General Information Section No. 12.4, Charges for Other Services, of the Electric Tariff to so that the Company, at its sole discretion, may negotiate and execute a Service Agreement to provide billing services on behalf of an entity that is not provided electric service under any Rider or Service Classification of the Electric Tariff. Any such Service Agreement shall provide for the Company's recovery of a fixed cost based monthly service fee. Finally, the Company shall file all such executed Service Agreements with the Commission.
