Attn: Hon. Michelle L. Phillips  
Secretary

Reference: Case 20-M-0029 - In the Matter of the 2019 Amendment to the Public Service Law, Section 66-p, Relating to Billing Information for Residential Rental Premises

Dear Secretary Phillips:

In accordance with the requirements of the Public Service Commission, The Village of Freeport hereby submits revised tariff leaf for P.S.C. No. 9, containing language related to prospective residential tenant or lessee request for electric billing history:

First Revised Leaf No. 8

The Public Service Law ("PSL") was amended, effective April 18, 2020, to include provisions to allow the prospective residential tenant or lessee to request electric billing history and for the utility to provide such history within ten days. The Commission issued a notice on January 22, 2020 for gas and electric utilities to review their tariffs to ensure compliance with amended PSL § 66-p. accordingly, the Village is proposing to amend its tariff to include provisions governing the terms of its residential service to allow for prospective tenants or lessees to request billing history going back for a maximum of two years.

The Village respectfully requests a waiver of the newspaper publication requirements of PSL § 66(12) (b) as the proposed tariff changes are clarifying in nature and do not affect customer rates or charges, and the provisions of the amended statute are already in effect.

Accordingly, we respectfully request that the Commission approve the requested tariff change and that such change is made effective November 1, 2020.
