Re: Case 12-E-0400 – Petition of Cayuga Operating Company, LLC to  
Mothball Generating Units 1 and 2

Dear Secretary Burgess:

New York State Electric & Gas Corporation (“NYSEG” or the “Company”) hereby transmits for filing the enclosed Reliability Support Services (“RSS”) Statements to become effective February 1, 2014, in compliance with the New York State Public Service Commission’s (“Commission”) Order Deciding Reliability Need Issues and Addressing Cost Allocation and Recovery, issued and effective January 16, 2014 (“the Order”), in the above referenced proceeding. These statements are submitted in compliance as identified herein and in accordance with the requirements of Appendix 7-H (electronic tariff filing system) to the Commission’s Codes, Rules and Regulations (16 NYCRR Appendix 7-H).

NYSEG – PSC No. 120  
RSS Statement No. 2

NYSEG – PSC No. 121  
RSS Statement No. 2

Purpose of the Filing

The Company is filing amendments to its RSS Statements in compliance with Ordering Clause 3 of the Order.

Honorable Kathleen H. Burgess, Secretary  
January 27, 2014

### Overview

On December 17, 2012, the Commission approved a Reliability Support Services Agreement (“RSSA-1”) between NYSEG and Cayuga Operating Company, LLC (“Cayuga”) for the period of January 16, 2013 through January 15, 2014<sup>1</sup>. RSSA-1 allowed for the deferral of mothballing actions by Cayuga, which would ensure that NYSEG’s local reliability needs were met. An RSS surcharge mechanism was approved by the Commission in order to provide NYSEG with the ability to recover the costs incurred by the Company

On November 4, 2013, NYSEG submitted a proposal with the Commission requesting that it find the RSS Agreement (“RSSA-2”) with Cayuga as the preferred solution in continuing to meet its local reliability support services needs. In the proposal, NYSEG also requested that the RSS surcharge continue to be used as the mechanism to recover the costs. Ordering Clause 1 of the Order accepted NYSEG’s proposal.

The Company estimates that expenses for February 2014 to January 2015 will be approximately \$39 million. The Company has also estimated that the annual true-up for 2013 is a \$5.9 million over-collection. The difference of \$33.1 million was used to establish the surcharge rates effective February 1<sup>st</sup>, 2014. The Company is revising the existing RSS surcharges with the updated amounts.

### Newspaper Publication

The Company respectfully requests the requirement of 66(12)(b) of the Public Service Law requiring newspaper publication be waived as customers will be informed of the revised surcharge amounts through bill messages.
