Notice to Effectuate Amendments to Public Service Law Sections 66-j - Case 13-E-0421

Dear Commissioners:

The amended tariff leaves set forth below are filed by Central Hudson Gas & Electric Corporation ("Central Hudson" or "the Company") on October 15, 2013 to become effective February 1, 2014 in order to reflect amendments made to Sections 66-j of the Public Service Law in compliance with the Notice Establishing Filing Requirements issued September 18, 2013.

P.S.C. No. 15 – Electricity

5th Revised Leaf No. 163.5.6
5th Revised Leaf No. 163.5.7
4th Revised Leaf No. 163.5.8
3rd Revised Leaf No. 163.5.9
3rd Revised Leaf No. 163.5.11

These amendments provide for (1) the remote net metering of farm and non-residential fuel cell customer generators pursuant to revisions to Sections 66-j of the Public Service Law effectuated through Chapter 200 of the Laws of 2013 and for (2) the rated capacity eligible for net metering of photovoltaic electric generating systems owned or operated by residential customers that own or operate a farm operation pursuant to revisions to Sections 66-j of the Public Service Law effectuated through Chapter 253 of the Laws of 2013.

Central Hudson's proposed changes to the standardized interconnection requirements (SIR) will be filed under separate cover.

Since customers participating in net metering are subject to interconnection requirements and are therefore in direct contact with Central Hudson, the Company requests that the requirements of Section 66(12)(b) of the Public Service Law as to newspaper publication for the amendments listed herein be waived.

Questions related to this filing should be directed to Linda VanEtten at (845) 486-5554 or by email to Lvanetten@cenhud.com.

Yours very truly,

Michael L. Mosher
Vice President - Regulatory Affairs
