Re: Flexenet Inc. – Initial Intrastate Tariff

Dear Secretary Burgess:

Enclosed please find for filing with the Commission the initial intrastate tariff PSC No. 1 of Flexenet Inc. Flexenet filed a Petition for a Certificate of Public Convenience and Necessity to offer private line services with the Commission on October 8, 2013, which Petition was designated Matter Number 13-02120.

This initial tariff consists of Original Pages 1-55, along with an Initial Flexible Rate Schedule and a Statement of Gross Revenue Tax Surcharges.

The nominal effective date of this tariff is January 9, 2014, ninety days from the filing date. Flexenet's proposed services consist of point-to-point private line circuits used primarily by the financial community in New York. Significant demand exists for the proposed services, and the economy of the state and the public interest would be served by approving the tariff at the first possible opportunity so that Flexenet can meet the requested demand. Accordingly, it is respectfully requested that the tariff be permitted to become effective at the first possible date prior to January 9<sup>th</sup>.

Please address all questions to the undersigned.

Sincerely,

Keith J. Roland
