Albany, N.Y. 12223-1350

August 30, 2013

**Re: Case 13-G-0186, Temperature Control Elimination**

Dear Secretary Burgess:

By the letter dated April 25, 2013, Consolidated Edison Company of New York, Inc. ("the Company") filed with the Public Service Commission ("Commission") tariff amendments to its Schedule for Gas Service, P.S.C. No. 9 – Gas ("the Tariff"), to become effective August 1, 2013. The amendments to the Gas Tariff include elimination of the Temperature Control Option as a means of interruptions for SC 9 transportation and SC 12 sales interruptible gas service.

Department of Public Service Staff requested a postponement of the effective date of the April 25 filing in order to allow time for further review of the proposed changes. On July 1, 2013, the Company complied with this request and filed for a postponement of the effective date of the proposed tariff amendments to October 1, 2013. The Company is now requesting a further postponement of the effective date to April 1, 2014 to allow sufficient time to conduct outreach and education to those customers who would be affected by these tariff changes.

The Company accordingly files Supplement No. 52 to postpone the effective date of the above-referenced tariff amendments to April 1, 2014. Supplement No. 52 is issued August 30, 2013, with an effective date of September 30, 2013. The Company also respectfully requests waiver of notice requirements of the proposed change in the effective date since it does not affect the content of the original filing.

Sincerely,

CONSOLIDATED EDISON COMPANY OF NEW YORK, INC.

/s/ William A. Atzl, Jr.  
Director, Rate Engineering Department
