RE: Case No. 13-E-0100 – Tariff Filing to Add Clarifying Language to Underground Residential Distribution Provisions

Dear Secretary Burgess:

The attached leaf, issued by Niagara Mohawk Power Corporation, d/b/a National Grid (“Company”), is being transmitted for filing in accordance with the requirements of the Public Service Commission (“Commission”), State of New York.

Eighth Revised Leaf No. 100

To PSC No. 220 Electricity

Effective: September 26, 2013

The purpose of this filing is to revise the Company’s previous filing, which was submitted to the Commission on March 17, 2013 in the above case number proposing to add clarifying language to the above leaf. Specifically, additional language was added to Rule 16.4.4.1 to clarify the credit that the non-residing applicant/developer will receive for trenching.

As a result of discussions with Staff of the Department of Public Service, it was determined that further revisions needed to be made to the above leaf to which the Company agreed.

Because of the clarifying nature of this filing, waiver of the newspaper publication requirements of PSL §66-12 and 16NYCRR 720.8 is requested for this filing since the non-residing applicant/developer will be notified when trenching is performed by the non-residing applicant/developer.

Please contact the undersigned of any action taken regarding this filing.

Sincerely;

*/s/ Patricia J. Rivers*
