Secretary  
New York Public Service Commission  
Three Empire State Plaza

Dear Secretary Burgess:

On October 10, 2014 Citizens Telecommunications Company Inc. d/b/a Frontier Communications of New York filed a tariff to detariff Non-Basic Retail Telecommunication Services (under Matter No. 14-00702).

Since this filing was made Jenny Quirk and Ruvain Kudan from the commission staff came back and wanted certain changes made. Since the nature of these changes were extensive we thought it might be best to refile the document as a new tariff. This new tariff P.S.C. NO. 4. reflects all the changes they wanted made.

If there are any questions, please contact Tanya Swanson at (651) 257-4835 or Leslie Zink at (585) 777-4717.

Sincerely,

/s/ **Leslie Zink**
