On January 17, 2014, a petition was filed on behalf of the company for an Amended Certificate of Public Convenience and Necessity authorizing the provision of facilities-based local exchange services. That petition was designated Matter Number 14-00109.

Staff of the Commission has deferred processing that petition until the company's initial local service tariff was filed. This filing constitutes the original local service tariff requested by Commission Staff.

This tariff is filed with a nominal effective date of thirty days after filing. However, it is respectfully requested that the tariff be permitted to become effective on such earlier date as the Commission approves the issuance of an Amended Certificate of Public Convenience and Necessity.

Please address all questions to the undersigned.

Sincerely,  
  
Keith J. Roland
