

July 28, 2014

Honorable Kathleen H. Burgess  
Secretary to the Commission  
State of New York  
Public Service Commission  
Three Empire State Plaza  
Albany, New York 12223

Dear Secretary Burgess:

Orange and Rockland Utilities, Inc. ("the Company") hereby files with the Public Service Commission ("the Commission") Supplement No. 3 to its Schedule for Electric Service, P.S.C. No. 3 – Electricity (the "Electric Tariff").

On April 23, 2014 the Company filed with the Commission Leaf 216, Revision 2, and Leaf 219, Revision 3. These tariff leaves proposed the removal of specific references to NYISO Zone G with respect to the Company's capacity purchases due to the establishment of a new NYISO capacity zone that covers the area currently designated as Zones G, H, I and J. The tariff leaves were filed to become effective August 19, 2014.

After discussions with PSC Staff, the Company is filing Supplement No. 3 that cancels Leaf 216, Revision 2 and Leaf 219, Revision 3. The Company will file to remove the specific references to NYISO Zone G at a later time after discussions with PSC Staff.

The Company respectfully requests waiver of the public notice requirements of the proposed tariff change since this filing only serves to cancel leaves that will not go into effect.

The Company respectfully requests special permission for emergency adoption of this tariff amendment and for the tariff amendment to become effective on August 19, 2014, as it will ensure that the leaves the Company filed on April 23, 2014 will not go into effect on August 19, 2014.

Questions regarding this filing can be directed to Cheryl Ruggiero at (212) 460-3189.

Sincerely,

/s/

William A. Atzl, Jr.  
Director – Rate Engineering
