RE: Case No. 14-E-0180-Niagara Mohawk Power Corporation d/b/a National Grid Commodity Filing

Dear Secretary Burgess:

The attached leaves, listed on Attachment A, issued by Niagara Mohawk Power Corporation d/b/a National Grid ("Company") are being transmitted for filing in accordance with the requirements of the New York State Public Service Commission ("Commission").

Third Revised Leaf No. 229.2
Third Revised Leaf No. 229.3

To PSC No. 220 Electricity

Effective: September 29, 2014

On May 14, 2014, the Company proposed changes to the Company's existing commodity rate mechanisms included in Rule 46 (Electricity Supply Charges) of the Company's tariff, PSC No. 220 – Electricity.

At that time, the Company proposed two main tariff revisions, which it believed were necessary to improve commodity pricing volatility management and the Company's reconciliation of actual commodity revenue and expenses for mass market customers. The above leaves contain minor revisions to the filing of May 14, 2014 to further clarify these proposed revisions. Rule No. 46.3.4 Supply Reconciliation Balance has been added to further clarify how the charges or credits associated with commodity reconciliations for Mass Market customers will be performed. A redlined version of these changes are provided in Attachment 1 of this filing.

Consistent with the filing of May 14, 2014, the Company requests that the requirements of Public Service Law §66(12)(b) and 16 NYCRR 720.8.1 regarding newspaper publication of these further revisions be waived for this filing because the Company believes the revisions will not affect the commodity rates charged to customers.

This filing is being made in accordance with Appendix 7-H (electronic filing system) to the Commission's Codes Rules and Regulations (16 NYCRR, Appendix 7-H).

Any questions on this filing may be directed to Ms. Pamela Dise, Director New York Pricing at (315) 428-5172.

Sincerely,

/s/Pamela B. Dise
