

June 27, 2014

Honorable Kathleen H. Burgess, Secretary
State of New York
Public Service Commission
Office of the Secretary
Three Empire State Plaza
Albany, NY 12223

Dear Secretary Burgess:

The attached leaf, issued by Niagara Mohawk Power Corporation, d/b/a National Grid ("Company"), is being transmitted for filing in accordance with the requirements of the Public Service Commission ("Commission"), State of New York.

First Revised Leaf No. 199.1.1

To P.S.C. No. 220 Electricity

Effective: July 29, 2014

The purpose of this filing is of a housekeeping/conforming nature to propose a minor revision to the above leaf. Specifically, Rule 36.7, Item 1, has been added to include the applicability of remote net metering to residential customers who own or operate a farm operation (as defined by Agriculture and Markets Law §301(11)) and locate solar photovoltaic equipment on property he or she owns or leases. This item was erroneously deleted in previous revisions to the tariff leaf.

Because of the housekeeping/clarifying nature of this filing, waiver of the statutory requirements required under the State Administrative Procedures Act is requested for this leaf to become effective on July 29, 2014.

Also, because of the housekeeping nature of this filing, waiver of the newspaper publication requirements of PSL §66-12 and 16NYCRR 720.8 is requested for this filing.

Please contact the undersigned of any action taken regarding this filing.

Sincerely;

/s/ Patricia J. Rivers
