VIA ELECTRONIC FILING

Honorable Kathleen H. Burgess, Secretary
New York State Public Service Commission
Three Empire State Plaza
Albany, NY 12223-1350

Dear Secretary Burgess:

The enclosed revised tariff statement, issued by Rochester Gas and Electric Corporation (“RG&E” or the “Company”), is transmitted for filing in compliance with the requirements of the New York State Public Service Commission (“PSC” or “Commission”).

PSC No. 19 – Electricity, Schedule for Electric Service
Statement of Underground Residential Distribution Contribution
 (“URD Statement”) No. 3

Effective: July 1, 2014

Pursuant to the Commission Order in Case 10-E-0592, issued and effective November 23, 2010¹ (the “November 2010 Order”), and Case 11-E-0112 issued and effective June 22, 2011² (the “Central Hudson Order”), the attached Statement of Underground Residential Distribution Contribution (“URD Statement”) is being filed to reflect revisions to RG&E’s underground residential distribution rates.

In addition RG&E hereby submits its annual report on underground residential distribution as required by 16NYCRR 98.6.

¹Case 10-E-0592 - Proceeding on Motion of the Commission to Investigate the Consistency of Three-Phase Service for All Major Electric Utilities, Order Approving Proposed Tariff Amendments and Instituting a Proceeding to Investigate the Three-Phase Provisions of Other Major Utilities (issued and effective November 23, 2010) .

²Case 11-E-0112 – Tariff filing by Central Hudson Gas & Electric Corporation to update the rates used in determining contributions required from applicants for underground extensions and to prospectively file the rates in statements. (issued and effective June 22, 2011) .

Honorable Kathleen H. Burgess
April 29, 2014

Page 2

The Company respectfully requests that the requirement of § 66(12)(b) of the Public Service Law and 16 NYCRR §720-8.1 for newspaper publication be waived because the customers are provided the current effective rates when they contact RG&E in regard to the pricing of underground line extensions.

Please contact Sue Morien at (585) 771-4741 or me at (607) 762-8710 if you have any questions.

Respectfully submitted,

Lori A. Cole
Manager – Regulatory & Tariffs
Rates & Regulatory Economics Department

Enclosures

2013 REPORT

98.6A. In compliance with 16 NYCRR 98.6, Rochester Gas and Electric Corporation submits a report containing the information required by this section based on pertinent construction experience from a 5-year period between January 1, 2009 and December 31, 2013.

98.6B. Rochester Gas and Electric Corporation submits the following information based on underground residential distribution projects energized between January 1, 2013 and December 31, 2013.

- | | | |
|-------|---|------------------------|
| (1) | The average cost per foot of all distribution lines and all service lines installed underground in residential subdivisions (single phase only) | \$17.61 |
| (2) | The length of distribution trench in new residential subdivision shared with others
15,357
(single phase only) | |
| (3) | The Company's average cost per foot of shared distribution trench | \$3.48 |
| (4) | The total length of distribution trench in new residential subdivisions not shared with others (single phase only) | 0 |
| (5) | The Company's average cost per foot of such non-shared distribution trench | \$0.00 |
| (6) | The total length of supply lines placed underground between existing electric systems and new residential subdivisions (footnote 1) | |
| (7) | The Company's average cost per foot of such supply lines placed underground " " | |
| (8) | The total length of supply lines placed above ground between existing electric systems and new residential subdivisions " " | |
| (9) | The Company's average cost per foot of such supply lines placed above ground " " | |
| (10) | The total number of service lines installed by the Company in new residential subdivisions (footnote 2)
The total dollar amount of the credit allowed by the Company in new residential subdivisions " " | |
| (11) | The total length of service lines installed by the Company " " | |
| (12) | The total cost of service lines installed by the Company " " | |
| (13) | The average cost per foot of service lines installed by the Company in new residential subdivisions | \$4.61
(footnote 3) |

1 "per foot" information and charge could not be determined because the cost of the limited footage of feeder was included in the overall distribution costs.

2 The method of accounting for service line cost does not exist in the proper form to address this question.

3 Based on estimated average secondary cable cost and estimated average trench cost. Service lines installed by customer.

2013 REPORT
