Dear Secretary Burgess:

The attached statement, issued by Consolidated Edison Company of New York, Inc., is transmitted for filing in compliance with the requirements of the Public Service Commission, State of New York:

FAC Statement No. 102 to P.S.C. No. 4 - Steam¹
Effective March 15, 2017

Respectfully submitted,

/s/ William A. Atzl, Jr.
William A. Atzl, Jr.
Director, Rate Engineering Department

¹ Under the Company's revised "Accounting for the Above Market Fuel Costs for ERRP," submitted by the Company on April 10, 2015, in Cases 09-S-0029, *et al*, the Company determines whether ERRP electric costs are above or below market annually and then settles that amount between steam and electric service via the FAC and MAC, respectively. Based on the fuel reconciliation period October 1, 2015 through September 30, 2016, steam customers will receive a credit of approximately \$933,000 per month for the billing months of February through April 2017 due to prior period overpayments for above market costs.
