

November 23, 2016

Honorable Kathleen H. Burgess, Secretary  
State of New York  
Public Service Commission  
Office of the Secretary  
Three Empire State Plaza  
Albany, NY 12223

Dear Secretary Burgess:

The attached statement, issued by Niagara Mohawk, d/b/a/ National Grid ("Company"), is being transmitted for filing in accordance with the requirements of the New York State Public Service Commission ("Commission"):

Statement of Supply Service Charges No. 60

To P.S.C. No. 214 Electricity

Effective: November 30, 2016

The above statement is being filed in accordance with Rule No. 46.4-Supply Service Charges in PSC No. 220 Electricity. Attachment 1 of this filing displays the derivation of these charges. Also, included in this statement is the residential agricultural discount rate in accordance with Rule No. 46.2.6.7 in PSC No. 220 Electricity.

In accordance with Rule 46.3.4 of the tariff, the Company implemented the Supply Reconciliation Balance ("SRB") mechanism for Mass Market customers (SC-1 and SC-2ND) in the November ESRM rates filed last month. By delaying a portion of the ESRM reconciliation, the Company was able to mitigate large month to month variances for Mass Market customers caused by reconciliations from prior months. A portion of the balance is being credited back to customers in December ESRM rates and the remaining balance in the SRB will be credited back to customers in a subsequent month.

This Supply Service Charge Statement is to be filed with the Commission on not less than three (3) business days notice before the effective date. Supply Service Statement No. 60 is effective November 30, 2016 for batch billed customers, and December 1, 2016 for calendar month billed customers.

Please direct any questions regarding this filing to the undersigned.

Sincerely,

Carol Teixeira,  
Manager, NY Electric Pricing  
(315) 428-6104

Attachment: SC60
