Niagara Mohawk Power Corporation d/b/a National Grid Concerning  
Underground Residential Distribution Provisions Contained in Rule 16 of  
PSC Tariff No. 220.**

Dear Secretary Burgess:

The attached leaves, issued by Niagara Mohawk Power Corporation d/b/a National Grid (“Company”), are being transmitted for filing in accordance with the requirements of the Public Service Commission (“Commission”), State of New York.

Third Revised Leaf No. 98  
Eighth Revised Leaf No. 99  
Eleventh Revised Leaf No. 100  
Statement of Underground Residential Contribution Applicable  
To Rule 16 (“URD Statement”)

To P.S.C. No. 220 Electricity (the “Tariff”)

Effective: December 16, 2016

On November 15, 2016, the Company submitted a filing revising certain tariff leaves in accordance with a recent Commission order in the above-referenced matter. The Company subsequently received questions from Department of Public Service Staff (“Staff”) regarding the revisions. The Company also received a letter from attorney John Dax, dated November 21, 2016, requesting clarification of the Company’s November 15<sup>th</sup> revisions. The language in the Tariff and URD Statement has been further revised to reflect discussions with Staff and hopefully provide the clarity requested by attorney Dax. Attachment 1 contains redlined and clean versions of those revisions.

Waiver of the newspaper publication requirements of PSL § 66-12 and 16 NYCRR Part 720.8 was requested in the original filing of November 15<sup>th</sup> and also is being requested for these further revisions.

Please contact the undersigned of any action taken regarding this filing.

Respectfully Submitted,

/s/ Kara J. Krueger
