**RE: Statement of Percentage Increase in Rates and Charges**

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (the "Company") is filing the following Statement of Percentage Increase in Rates and Charges to PSC No. 9 - Gas, in accordance with General Information VIII:

GRT Statement No. 49 to PSC No. 9 - Gas  
Effective June 2, 2016

The Company's gas tariff provides that the revenues collected during the MTA surcharge billing year (April 2015 through March 2016) be compared with the MTA surcharge expense for the calendar year 2014. The gas tariff provides for the Company to make an MTA surcharge adjustment to reconcile for any under- or over-collection.

The revisions to the attached Statement of Percentage Increase in Rates and Charges reflect the annual reconciliation of MTA revenues and expenses, and will be in effect during June 2016. The revisions reflect an over-collection of about \$418,991 for the Company's gas operations. Thus, for gas service, the reconciliation adjustment for New York City will be -0.9496% and -0.1744% for residential and non-residential delivery services, respectively. The reconciliation adjustments in the various Westchester municipalities, for residential and non-residential delivery service, vary due to the impact of local levies on the computation of the effective tax factors in the gas statement.

Respectfully submitted,

/s/ William A. Atzl, Jr.
