RE: Case 14-M-0094 et al., Clean Energy Fund Framework

Dear Secretary Burgess:

Consolidated Edison Company of New York, Inc. (“Con Edison” or the “Company”) is filing with the Public Service Commission (the “Commission”) an amendment to its Schedule for Gas Service, P.S.C. No. 9 – Gas (the “Gas Tariff”).

The revised Gas Tariff Leaf makes a minor change to General Information Section IX.16 – System Benefits Charge (“SBC”). The revised Tariff Leaf is listed below and has an effective date of March 1, 2016:

<u>Leaf No.</u>	<u>Revision No.</u>	<u>Superseding No.</u>
183	17	16

Reason for Filing

On February 16, 2016, the Company filed tariff changes pursuant to the Commission’s Order Authorizing the Clean Energy Fund Framework (the “CEF Order”), issued and effective January 21, 2016, in Cases 14-M-0094, 10-M-0457, 07-M-0548, 03-E-0188, and 13-M-0412. After discussions with Department of Public Service Staff, the Company is hereby making a further clarifying tariff change to the Energy Efficiency (“EE”) Tracker Surcharge rate. The Company is changing text related to the EE Tracker Surcharge rate to indicate that of any prior period over- or under collections recovered through the EE Tracker Surcharge rate are “minus” interest earned on prior-period surcharges. (The Company’s original text stated “excluding.”)

Conclusion and Notice

A tariff amendment is being filed to become effective on March 1, 2016, in further compliance with Ordering Clause 46 of the CEF Order. The Commission waived newspaper publication of the changes, pursuant to Ordering Clause 49 of the CEF Order.

Very truly yours,
CONSOLIDATED EDISON COMPANY OF NEW YORK, INC.
