RE: Case 15-E-0267-Order Directing Modifications to Remote Net Metering Tariffs and Make Other Findings

Dear Secretary Burgess:

The enclosed leaves, issued by Niagara Mohawk Power Corporation d/b/a National Grid (“Company”), are being transmitted for filing in compliance with the order issued in Case 15-E-0267 (“Order”) on October 16, 2015 by the New York State Public Service Commission (“Commission”).

Fifth Revised Leaf No. 199.2
Third Revised Leaf No. 202.1

To PSC No. 220 Electricity

Effective: November 27, 2015

The above Order directed utilities to make the following two revisions: 1) eliminate the net metered limitation on remote net metered satellite accounts and, 2) add clarifying language regarding the 2 MW limitation for multiple remote net metered hosts serving one remote net metered satellite account.

Ordering Clause 2 of the Order directed utilities to file tariff changes by October 30, 2015 to become effective November 6, 2016. On October 29, 2015 an extension was granted by the Secretary of the Commission for additional time for the Joint Utilities to file the above revisions to November 20, 2015 with an effective date of November 27, 2015. Attachment 1 to this filing indicates where the changes have occurred.

Ordering Clause 2 of this order waived the requirements of Public Service Law §66(12)(b) as to newspaper publication of these tariff amendments.

If you have any questions concerning this filing, please call Carol Teixeira at (315)

Sincerely,

/s/ Carol Teixeira

Carol Teixeira, Manager
