Dear Secretary Burgess:

The amended tariff leaves set forth below are filed by Central Hudson Gas & Electric Corporation ("Central Hudson" or "the Company") on November 20, 2015 to become effective November 27, 2015ⁱ in compliance with the Commission Order Directing Modifications to Remote Net Metering Tariffs and Making Other Findings ("Order") in Case 15-E-0267 issued and effective October 16, 2015.

P.S.C. No. 15 – Electricity

2nd Revised Leaf No. 163.5.7.1
5th Revised Leaf No. 163.5.8
5th Revised Leaf No. 163.5.9

Tariff Amendments

The purpose of this filing is to 1) remove the One Host Limitation which would permit an undesignated number of eligible Host Accounts to designate net metering credits to a single eligible Satellite Account, and 2) remove the Net Metered Limitation which would permit the installation of on-site net metered generation at Satellite Accounts, such that Satellite Accounts can be served by a combination of Host Account generation and on-site net metered generation as long as such combination does not exceed 2MW of generating capacity in total.

The requirements of §66(12)(b) of the Public Service Law as to newspaper publication of the amendments listed herein were waived pursuant to Ordering Paragraph 2 of the aforementioned Order.

Questions related to this filing should be directed to Jay Tompkins at (845) 486-5203.
